

**The Components Group of Tecate Group Policy on European  
Registration, Evaluation, Authorization and Restriction of Chemicals  
(REACH) Legislation from the European Union (EU)**

**Preregistration and registration of substances in articles:** Tecate Group – Components Division (Capacitors and Ultracapacitors) does not currently supply any products that would be considered an article with a substance intended to be released during normal and reasonably foreseeable conditions of use. Tecate Group – Components Division therefore, does not have any plans for Registration or preregistration.

**Substances of Very High Concern (SVHC) under REACH:** Tecate Group – Components Division does not currently have any chemicals used in the production of part numbers included in this COC that are on the list of Substances of Very High Concern which was published 2021-01-20 (211 SVHCs). Please see the specific lists on the following page.

The parts covered in this COC do not contain any of the 211 substances listed in REACH Annex XVII when used for the purposes listed in Annex XVII. This applies to the 211 substances from the SVHC publish date of 2021-01-20.

With regards to the 8 additional substances published on 2021-07-08, Tecate does not intentionally add these materials to any of our products. We are working with our supply chain to determine whether any of these materials are used in their processes and will test for them using a third-party REACH test at the next annually scheduled test (currently scheduled for July of 2022).

I will be your REACH contact. If you have any questions, please contact me.

Products in this certification include:

931AF, 932A, 932D, 932AD, 932AF, 933AF, 932, 933, 933X, 935.

CD.

92, 92P, 9245, 9245WT, 9247.

LC, LCE, LG, LGE, 712, 712E, 712L, 724, 724E, 724L, 724S, 724SE, 724SL, 724X, 724Z, RN5, 711, 723, 725E, 725H, 725L, 725W, 725X, 728B, 728L, 730, 730W, 725R, TLL, TRC, TRE, TRS, TRZ, RN, RN7, RN7E, RNB, RNBE, RNH.

MXCPA, MXCPB, MXCPH, MXCPP, MXCPT, CPL, CPS, CPU, CPX.

TPLC.

Ultracapacitor module types: PBM, PBL, PBLL, PBD, PBL5 PBLC and PC5-5, PBLH, TC.

All 17- Series ultracapacitor modules.

All 39- Series ultracapacitor cells.

All 10- Series parts.

All 20- Series parts.

All wire harnesses.

All electronic assemblies.
